[REDACTED] I have left the papers on your seat. The abatements only amount to £30.00 or so but they involve important points of principle. I think our counter proposal is fairly generous. I actually had access to the file when I made this but it was returned to the solicitor. If you think we can resolve this without taxation or would like to discuss in more detail please do not hesitate to contact me.

[REDACTED] can you mark up the register in this case please - electronic copy of referral attached.

Happy to discuss.

Regards

Re [REDACTED] earlier e-mail indicating that a taxation is due to take place on 13 Jan @ 11 am. I have spoken to [REDACTED] and she has agreed to do it given that you have a taxation at Hamilton on 7 Jan [REDACTED] (I have left the papers for this taxation on your seat in case you want to read these next week and do any preparation).

Thanks,
