Project Name	Lead and partner organisation	Primary geographic area	Project Description
The Fife Young Families Money Advice Project	Enable Scotland in partnership with Citizens Advice Rights Fife	Fife	<p>Families who have a child with a learning disability will be able to increase their skills and confidence in money management and be better able to make financial decisions to avoid future debt.</p> <p>In addition to direct support, the project will also increase the capacity and understanding of each organisation around the practical and emotional needs of families with an additional support needs child.</p>
Home-Start Aberdeen Money Advice Project	Aberdeen City Council in partnership with Homestart Aberdeen	Aberdeen City	<p>Families with children will be able to better access help in tackling debt problems at an early stage - rather than at crisis point - by accessing this help alongside other support from Homestart. Families will also be given additional skills and strategies for managing credit/debt and building financial resilience.</p>
West Lothian Supporting Families	Children 1st in partnership with West Lothian Council	West Lothian	<p>Vulnerable young parents aged 16-25 will be able to access help with money problems through this project.</p> <p>Young parents accessing Children 1st Services and who have money and debt problems will be able to access help from a family support worker and advice worker. Help will also be accessed through core agencies used by young parents (such as community health, social work) which can further identify families in need. The project aims to focus on prevention and early intervention to avoid debts escalating, or happening at all.</p>
